

Eduardo Güémez

Managing Director, Mexico

Eduardo is President of the LaSalle Mexico Fund and responsible for all operations in Mexico including acquisitions, financing and asset management. Prior to joining LaSalle in 2006, he was a Managing Director for Equity with GE Real Estate in Mexico and was responsible for developing investment platforms for retail and residential platforms as well as managing and selling the original GE Industrial Portfolio. Before joining the Real Estate group, Eduardo led GE Equity's Mexico operations.

Eduardo has an MSc in Operations Research from Stanford University and a BSc in Mechanical Engineering from ITESM. He is a board member for the Mexican Association of Private Industrial Parks as well as a member of the Latin America Research Advisory Group for ICSC.
