

Complaints Handling Process

AS AT MARCH 2023

SUMMARY

As a MiFID firm LaSalle is required to comply with DISP provisions relating to MiFID complaints. These provisions apply only to MiFID and equivalent third country business (which doesn't include direct investment in real estate). However, to treat its customers fairly and achieve best client outcomes, LaSalle will apply this Policy to all its current and prospective clients.

DEFINITION AND SCOPE

A complaint, and a MiFID complaint, is defined as any oral or written expression of dissatisfaction, whether justified or not, from, or on behalf of, a person about the provision of, or failure to provide, a financial service or a redress determination which alleges that the complainant has suffered or may suffer financial loss, material distress or material inconvenience.

While this Policy relates to handling complaints received from any client (regardless of their client categorisation status), only Eligible Complainants can bring their claim to the Financial Ombudsman Service if they are not content with the outcome of LaSalle's complaints handling. Due to the limitations to its Scope of Permission, LaSalle does not conduct business within any Eligible Complainants. Consequently, provisions of DISP relating to Eligible Complainants do not apply to LaSalle.
