

LaSalle Digital Investor Onboarding

LaSalle has partnered with Juniper Square (JSQ) to create an electronic investor onboarding platform. We utilize innovative technology to simplify and enhance the investor onboarding experience, while increasing the efficiency and security of LaSalle's processes.

A few key points investors should be aware of when using JSQ:

- Investors will no longer have several LaSalle employee points of contact, as all correspondence will be completed through Investor Services.
- Confidential information and documents will no longer be attached via e-mail, thus enhancing security.
- Online inputs replace the manual (paper-based) process that requires significant investor time to prepare large forms.

JSQ will make onboarding into multiple funds across regions easier for investors globally. For future investments in other LaSalle funds, the investor may be able to utilize previously supplied documents stored within JSQ..

We will send you a personal, secure link to create your profile and complete your onboarding through JSQ.

- You will be asked to enter your specific account details
- You will be asked to upload documents:
 - Some documents may be attached multiple times to satisfy different categories
 - Upload the documents that you feel best fit the request
- You will be signing your documents via DocuSign once prompted by email
